### Speaker's Statement

**Speaker** (interpretation): Please be seated. As Speaker of the Legislative Assembly of Nunavut, I am honoured to welcome our elders, distinguished guests and visitors to the House for the first sitting of the Fifth Legislative Assembly.

I would like to express my deep appreciation to all members for the trust and confidence that you have placed in me by selecting me to serve as your Speaker. As your Speaker, I am committed to upholding the rights and privileges of this institution and its members.

All members can be confident that I will fulfil the responsibilities of the Speakership in a manner that is consistent with the offices' obligation to demonstrate fairness and impartiality. Earlier today all members of this House took their oaths of allegiance and office.

I look forward to working with all of my colleagues in the House and outside of the House during our term of office on behalf of our territory and residents. I would also like to take this opportunity to publicly thank my constituents in Pond Inlet for their support during the recent election and in past terms. Being interested to represent the constituency of Tununiq has been the greatest honour of my life and I can assure all residents of Pond Inlet that I will be vigorously advocating for the constituency through the appropriate channels and in the appropriate manner.

Publicly, I would also be remiss if I did not publicly thank my wife for her love, her support and her infinite supply of patience. Thank you.

Before we move on I wish to advise the House that the Member for Uqqummiut will be joining us in the Gallery today. The member will formally take his seat at our next sitting once his filing obligations under the *Nunavut Elections Act* have been completed. We look forward to having the member sitting.

Thank you all very much. Let us proceed with the orders of the day. I would now like to ask our Clerk to ascertain if the Commissioner of Nunavut is ready to enter the Chamber to make her opening remarks. (interpretation ends) Mr. Clerk.

### Opening Address of the Commissioner of Nunavut

**Commissioner Nellie Kusugak** (interpretation): Mr. Speaker, elders, Premier, members, and Nunavummiut who are listening to the radio broadcast and watching the televised proceedings, it's unfortunate that the delegates that were supposed to be here haven't arrived, but I would also like to welcome them. Welcome to the First Session of the Fifth Legislative Assembly of Nunavut.

I would first like to congratulate Mr. Enook on his selection as Speaker. As the Speaker, you will be presiding over the Government of Nunavut's mandate. You were elected by

22 Members of the Legislative Assembly. You will also be dealing with the estimates and to provide services to the people of Nunavut.

I would like to congratulate all the elected members. You have been trusted to be in your position and they have placed their confidence in you. They have placed their trust in you to represent them wisely and to properly represent your ridings.

I would also like to congratulate Mr. Quassa and the cabinet members. Since we're the Fifth Assembly, the people of Nunavut have placed their trust and future with you as the present government and to provide more opportunities to the people of Nunavut. We are working for a brighter future with a solid foundation.

We have to make sure that the deliberations are for the people of Nunavut by dialogue and agreement or consensus.

I would also like you to think about who you're representing during your dialogue. It has been the foundation of our ancestors and will be exercised during the Fifth Assembly. We will also have to decide on the mandate of this government. I urge you to think of our future. During your deliberations, you will be holding office for four years representing the people of Nunavut.

At the next sitting, this government will be working on the capital estimates and operations and maintenance budget to provide something that will benefit all, and you will also be looking at new legislation and amendments to bills. While you are doing that, please make sure that you think of our future. As Members of the Legislative Assembly you all have a responsibility to properly represent your constituents and for this government to provide the best for the people. Place them as a priority.

I also know that you will be doing all you can to the best of your ability, and that you will be there while Nunavut is growing, to ensure that the territory of Nunavut can become stronger. I wish you all a very productive future, and I now note the opening of the first session of the Fifth Legislative Assembly of Nunavut. Thank you very much.

Returning to the orders of the day, Item 3. Ministers' Statements. As the cabinet has not yet been sworn into office, there will be no ministers' statements today.

Item 4. Members' Statements. Member for Iqaluit-Niaqunnguu, Ms. Angnakak.

#### Item 4: Members' Statements

##### Member's Statement 001 – 5(1): Reflections on Being Elected to Represent Iqaluit-Niaqunngu

**Ms. Angnakak** (interpretation): Thank you, Mr. Speaker. (interpretation ends) Congratulations. (interpretation) Welcome, to the visitors here in the Gallery, the viewing audience and those listening to the proceedings on the radio; especially my relatives, as well as my constituents who voted me in. I thank you all.

(interpretation ends) I rise today to express my deepest appreciation and gratitude to the people of Iqaluit-Niaqunngu whom I am just so very proud to represent in this House.

Mr. Speaker, two months ago, those of us who had the honour of serving in the previous Legislative Assembly took the opportunity at our final sitting to offer some reflections at the close of our terms. Those reflections reviewed the work that we have accomplished together and considered the many challenges that are before us still.

Mr. Speaker, over the past two months I have been able to spend a significant amount of time listening to the concerns, dreams, goals, and ideas of hundreds of residents of this wonderful community.

I very much welcomed the opportunity for dialogue during our recent general election, and I very much look forward to continuing to do my very best on behalf of the constituency, the community, and the territory as a whole.

Mr. Speaker, elections are a team effort. I am delighted to have the opportunity today to thank my team for the incredible work that they put into our recent success.

Mr. Speaker, I want to pay special tribute to a number of people.

My campaign manager, Jane Tagak, kept me organized and on track throughout the campaign, and my financial agent, John Matthews. Thank you very much for all of your help and support.

Kailey Arreak and my sister, Susan Gardener, who spent many, many hours going door to door with me and fighting the elements, and the dogs by the way, in putting up signs and posters.

I would like to thank Oopa and Ed. Picco for your advice and support, as well as many other individuals on my team, including Elisapee Ikkidluak, Eva Groves, and Jim Tegler.

I would like to apologize in advance if I forgot anybody, but I don't think I did.

Mr. Speaker, I seek unanimous consent to conclude my statement today.

**Speaker** (interpretation): Thank you. The member is seeking unanimous consent to conclude her statement. Are there any nays? There are no nays. Please proceed, Ms. Angnakak.

**Ms. Angnakak:** Thank you, Mr. Speaker. Thank you, fellow members.

Elections are about choices. We are fortunate to live in a democratic country that affords us the opportunity to make choices about who we entrust with the responsibility to serve in our legislative institutions.

Mr. Speaker, a total of 72 people had the courage to put their names forward during the recent general election and I salute each and every one of them for offering a choice to our voters.

Mr. Speaker, last week's recent leadership forum may have been a long day, but it was a great day.

Having sat and worked closely with you for the past four years, it was my great pleasure to nominate you for the Speakership, an office that I am confident that you will hold with dignity, fairness and wisdom.

I also want to say that all of our leadership candidates distinguished themselves by their clear and deep commitment to the people of Nunavut, and I am proud to call all of you my colleagues.

Mr. Speaker, although I have to admit that the view from this side of the House may take a little getting used to, I also want to state clearly that I am looking forward to working with all members to address the issues and priorities that are emerging as the focus of our new term. We are a team.

I believe that we have a very strong Assembly, and I am of course very proud at the significant increase in the number of women who are serving in it today.

Mr. Speaker, I would like to conclude today by paying public tribute to the family members who are the centre of my life: my husband, Archie, my children, Sharon, Matthew, and Michael, and my grandchildren, my sisters, Ann and Susan, and of course, my parents, who are not able to be with us here today, Margaret and Michael, whose own lifelong commitment to Nunavut and its extraordinary people have inspired me throughout my life. Thank you, Mr. Speaker.

>>*Applause*

**Speaker** (interpretation): Thank you. Members' Statements. Member for Aggu, Mr. Quassa.

**Member's Statement 002 – 5(1): Reflections on Being Elected to Represent Aggu**

**Mr. Quassa** (interpretation): Thank you, Mr. Speaker, and welcome to my colleagues, visitors in the gallery, as well as the invited guests. I regret that some guests were unable to make it into Iqaluit. However, I know that our viewing audience and members will remember them, as members begin their work here.

Firstly I wish to express my gratitude to my family. When we get our family's support, they make us capable in any endeavour we want. It's only with their support that it's possible.

My fellow residents in Aggu, the residents of Igloolik, I thank them all in believing in me to carry on my work as the Member for Aggu. I especially wanted to express my thanks on behalf of them.

I am proud of my colleagues whom I will be here with for the next four years. I know that we will be working well together. We will keep our fellow residents informed. There will be many developments that we see. We will have to collaborate with each other to carry that through.

I would like to thank my family. Although my statement will be short, it's obvious that we will be sitting here for the next four years and we will be provided support and given advice by our fellow residents, Nunavummiut, and different organizations within Nunavut. It's obvious that I look forward to collaborating with you as we sit here for the next four years. Thank you very much. I am proud of my colleagues. Thank you.

>>*Applause*

**Speaker** (interpretation): Thank you. Members' Statements. Member for Hudson Bay, Mr. Rumbolt.

**Member's Statement 003 – 5(1): Reflections on Being Elected to Represent Hudson Bay**

**Mr. Rumbolt**: Thank you, Mr. Speaker, and good afternoon. Mr. Speaker, I rise today to thank the people of Sanikiluaq for once again entrusting me with the responsibility of serving them in Nunavut's Fifth Legislative Assembly.

Mr. Speaker, I would not be here today with you and all of my colleagues if it were not for the strong support, love, and patience that I have received from my family over the past decade.

Mr. Speaker, I have risen twice before in this House to express my appreciation to the community of Sanikiluaq for their confidence in me, and to promise that I would represent the constituency to the best of my ability.

Mr. Speaker, that same commitment stands as firm today as it did in the Third and Fourth Assemblies. In fact my resolve has become even stronger as I appreciate more every day how much work there is ahead of us.

Mr. Speaker, I will continue to voice the concerns of the community regarding such issues as the high cost of living, the need for new infrastructure and housing, and the need for effective programs and services.

Mr. Speaker, I will continue to raise the need to support our hunters, the need to protect the unique environment of Hudson Bay, and the need for economic development.

Mr. Speaker, some of the issues facing Sanikiluaq are unique to our location while others are very similar to those faced by my colleagues' constituents and communities. I look forward to continuing to work with members on both sides of the House on issues that affect all of Nunavut.

Mr. Speaker, those members who have served with me in this House over the past several years know that although I prefer cooperation to confrontation, I won't hesitate to stand up against unfairness or prejudice.

I strongly believe that if we approach the issues that come before us in this House with a spirit of cooperation, fairness, and practicality, we will make real progress in the years ahead. Thank you, Mr. Speaker.

>>*Applause*

**Speaker** (interpretation): Thank you. Members' Statements. Member for South Baffin, Mr. Joanasic.

**Member's Statement 004 – 5(1): Reflections on Being Elected to Represent South Baffin**

**Mr. Joanasic** (interpretation): Thank you, Mr. Speaker. Good afternoon, my colleagues. Before I begin, I would like you to be aware that yesterday was National Child Day and I would like that to be recognized. I'm thinking of my mother and my niece Maryann, my niece Mary, and my sisters and older brothers in Cape Dorset. You are in my thoughts.

Mr. Speaker, I wish to express my deep appreciation to the people of South Baffin for their engagement and participation in the recent election in Nunavut. The support that they have provided me has earned me a second term as their MLA for South Baffin.

I would like to thank all those who took the time to vote during the recent election as well as those who voted in the advanced poll.

Thank you to my Financial Agent, Moshi Kotierk, who is my brother-in-law. I could not have done it without him. And thank you to each of the donors who contributed to my campaign.

Thank you to my running mate, Michael Salomonie, who delivered a solid campaign. I've appreciated the camaraderie that you demonstrated throughout our campaigns.

Mr. Speaker, I am blessed to have the unwavering support from my family, friends, and especially my wife and children. I am grateful to have had each of them by my side throughout my life.

Mr. Speaker, to my new colleagues and returning colleagues, congratulations. Congratulations to our Premier, Mr. Quassa, and to you Mr. Speaker, and to our new ministers. I look forward to serving the territory with all of you over the next four years.

Mr. Speaker, I'm humbled to have received the support of my colleagues to serve in Nunavut's new Executive Council. I am excited to serve Nunavummiut with my fellow ministers in the Fifth Legislative Assembly.

In closing, my complete gratitude goes out to my family and friends who give me great pride. I love you all very dearly. Thank you, Mr. Speaker.

>> *Applause*

**Speaker** (interpretation): Thank you. Members' Statements. Member for the High Arctic, Mr. Akeagok.

### **Member's Statement 005 – 5(1): Reflections on Being Elected to Represent Quttiktuq**

**Mr. Akeagok** (interpretation): Thank you, Mr. Speaker. I thank you and also welcome everyone who is following our proceedings.

I give thanks to the people of the Quttiktuq riding for the confidence you gave me to hold this very seat to represent you.

First I would like to praise my late parents, Akeagok and Ooleesee, for raising me, and all the elders in Quttiktuq, with all the familiar names, like Kigutak, Pijamini, Nungaq, Flaherty, Idlout, Akpaleapik, Innualuk, Qaqasiq, Joseph, Naqitarvik, and those that are no longer here with us who provided me with my namesake; Tuungaaluk. They all have shaped me to be the person I am today. They are smiling up there on their accomplishment.

During my election campaign I visited a number of my constituents' homes and they welcomed me by reminiscing about the times in my youth when I would be seen baiting birds and I was so drenched with seal oil that my clothes shone.

Now I am standing here today with this shiny new clothing my mother-in-law made for me and they make me seem as shiny as I was back then, so I am extremely grateful to my

mother-in-law who is unable to arrive unfortunately. Within these upcoming four years, 21 members will have to work diligently on our challenges.

We have a lot of upcoming opportune developments as well as the extreme challenges we face, and it is only through cooperative governance that we can accomplish our goals. As well, I ask my colleagues to consider visiting the Quttiktuq, where you will receive a warm welcome.

Our elders will be able to welcome you, such as the 97 year old elder, Qaapik from Arctic Bay, or if you go to Resolute Bay, by a sage advisor I continually ask advice from; Mary Kalluk, and further, if you ever go to Grise Fiord, I have two mentors who taught me a lot: Aksarjuk Ningiuq and my brother, Jaypetee.

Mr. Speaker, I seek unanimous consent to conclude my statement. Thank you.

**Speaker** (interpretation): Thank you. The member is seeking unanimous consent to conclude his statement. Are there any nays? There are no nays. Please proceed, Mr. Akeegok.

**Mr. Akeegok** (interpretation): Thank you, Mr. Speaker and colleagues, for allowing me to conclude my statement.

As a newly elected minister, I will not be not be asking a lot of questions in the House, but I do want to assure my constituents that this will not take away the commitment of representing you in this territory.

Due to the high cost of travel, it makes it difficult to see each other on a regular basis but through technology and through radio, communicating with each other makes it possible. I pledge to look into reducing transportation costs. Our elders are the most precious treasures of this territory, and I often I hear people are worried about where they are going to be placed when they are physically challenged. Those are a couple of areas, amongst a number of other priorities that I will be focusing on as the Member for Quttiktuq.

In closing, with my loyal supporters; my wife, Carol, along with my children and extended family and friends, we will ensure that we will make a difference of in this next few years a success and see this fine territory blossom. Thank you, Mr. Speaker.

>>Applause

**Speaker** (interpretation): Thank you. Members' Statements. Member Rankin Inlet South, Mr. Kusugak.

**Member's Statement 006 – 5(1): Reflections on Being Elected to Represent Rankin Inlet South**

**Mr. Kusugak** (interpretation): Thank you, Mr. Speaker. I congratulate you in your new position as Speaker.

First of all, I want to thank the people of Rankin Inlet who voted for me, from the youngest to the eldest, for electing me to work on their behalf, and I heard many issues when I was campaigning and visiting their homes.

We need to provide support to Nunavummiut, from the youngest to the eldest. One thing that I heard the most was that elders have to remain at home in our territory. I am sure every one of us will agree that our elders need to be kept and cared for at home in our territory, and I will work on that.

Our young people will need employment opportunities in the future. We are the youngest territory in Canada, so we need to provide opportunities for young people. We campaigned and we worked very hard, and let's work on behalf of our young people.

I thank the people of Rankin Inlet for giving me a huge task and work to do. The election wasn't the end; it's just the beginning of our work, so I would like my constituents in Rankin Inlet to talk to me and not to be afraid to give me advice because I welcome all of your suggestions in order to ensure a better future for Rankin Inlet and for the territory as a whole.

At the end of our four years I know I will want to go home, but because I know four years is a very short time, even my two grandchildren will be in school by the time I complete this term, although they are both toddlers at the moment. I want to complete the job I was tasked to do, so I'm going to have to start that today.

Lastly, I wouldn't have been successful without the support of my financial agent, Manasie Onalik. I thank you for your support. I also regret my wife was unable to arrive today. Usually Iqaluit weather allows for landings and isn't normally too windy.

>>*Laughter*

I also want to mention my three daughters, including my grandchildren, who were a bastion of support, so I voice my appreciation to them. Rankin Inlet now has many housing units, and when I was visiting houses with my group. I thank all Rankin Inlet residents, and my new colleagues here. We need to work together even if we don't always agree on issues.

We have to keep our forward momentum going, and that is what I anticipate seeing in the upcoming four years of our mandate. Thank you, Mr. Speaker.

>>*Applause*

**Speaker** (interpretation): Thank you. Members' Statements. Member for Netsilik, Mr. Qirngnuq.

**Member's Statement 007 – 5(1): Reflections on Being Elected to Represent Netsilik**

**Mr. Qirngnuq** (interpretation): Thank you, Mr. Speaker. I rise today to express my appreciation to the residents of Kugaaruk and Taloyoak for once again placing their trust and confidence in me to represent the constituency of Netsilik in the Legislative Assembly. Today is my birthday and this has been the greatest birthday gift with the swearing in ceremony, and I thank you.

(interpretation ends) I rise today to express my appreciation to the residents of Kugaaruk and Taloyoak for once again placing their trust and confidence in me to represent the constituency of Netsilik in the Legislative Assembly.

Mr. Speaker, I would first like to thank and acknowledge my fellow candidate in the recent election.

Mr. Speaker, I look forward to continuing to work with all Members of the Legislative Assembly in such areas as infrastructure, training, and the preservation of our culture and language.

There is much work ahead of us, but I believe that together we can work for the betterment of all Nunavummiut.

Mr. Speaker, I also look forward to continuing to work closely with the municipalities of Kugaaruk and Taloyoak to raise issues of concern to the communities.

Mr. Speaker, I would like to conclude today by expressing my gratitude to my wife, Catherina, to whom I have been married for almost 50 years, as well as the other members of my family for their ongoing support of me. I love you all. Thank you, Mr. Speaker.

>>*Applause*

**Speaker** (interpretation): Thank you, Mr. Qirngnuq, and Happy Birthday. I would sing but I'm afraid that everybody would leave, so I won't sing to you, but have a good birthday.

>>*Laughter*

Members' Statements. Member for Baker Lake, Mr. Mikkungwak.

**Member's Statement 008 – 5(1): Reflections on Being Elected to Represent Baker Lake**

**Mr. Mikkungwak** (interpretation): Thank you very much, Mr. Speaker. First of all, I would like to wish a happy birthday to my colleague, Mr. Qirngnuq. Have a good day.

Mr. Speaker, I rise today to thank the residents of Baker Lake for again allowing me the great privilege of representing them in our Legislative Assembly.

There are a number of people whom I wish to publicly acknowledge and thank today.

Mr. Speaker, my family is my foundation, and I thank my wife and children for their strong support.

My campaign team of Richard Aksawnee and Robert Seeteenak again proved to be a dynamic force. Mr. Speaker, Robert and Richard were both with me in 2013, and I pay tribute to their organizational skills and strategic minds.

Mr. Speaker, close to 700 residents of Baker Lake cast ballots in the recent election. Voter turnout was almost 70 percent, and I applaud our community residents for their engagement in the democratic process.

Mr. Speaker, I seek unanimous consent to conclude my member's statement. Thank you, Mr. Speaker.

**Speaker** (interpretation): Thank you. The member is seeking unanimous consent to conclude his statement. Are there any nays? There are no nays. Please proceed, Mr. Mikkungwak.

**Mr. Mikkungwak** (interpretation): Thank you very much, Mr. Speaker. I would also like to thank my colleagues.

Mr. Speaker, I wish to take this opportunity to publicly acknowledge the strong race that my fellow candidate, Karen Kabloona, ran in the election.

(interpretation ends) Mr. Speaker, last Friday's leadership forum provided an excellent opportunity for a number of important issues facing our territory to be discussed.

Please allow me to congratulate you on your acclamation as our Speaker.

As your incoming deputy, I look forward to supporting you in your role as the protector of our institution's rights and privileges.

I also again congratulate our new Premier and his cabinet.

A great deal of important and hard work lies ahead of us all and I look forward to making this journey together. Thank you, Mr. Speaker.

>>*Applause*

**Speaker** (interpretation): Members' Statements. Member for Gjoa Haven, Mr. Akoak.

**Member's Statement 009 – 5(1): Reflections on Being Elected to Represent Gjoa Haven**

**Mr. Akoak:** Thank you, Mr. Speaker, and good afternoon, colleagues. First of all, I would like to say Happy Birthday to my colleague. Happy 67th Birthday.

>>*Laughter*

I rise today to express my gratitude to the people of Gjoa Haven for placing their trust in me. I will work hard to represent my community during my second term as a Member of the Legislative Assembly.

I would like to thank my wife who is sitting behind me...

>>*Laughter*

... Annie, and our two children, for supporting me during my first term and during my recent campaign. I do not look forward to the many days that I will have to be away from home, but I know that they will continue to support me and the work that I do for our community.

Mr. Speaker, I would like to say thank you to each of the people whose hard work led to the success of my campaign. I am especially grateful to my financial agent, Helen Tungilik, who is also sitting behind me. Her dedication and hard work was vital to my success in both elections.

Mr. Speaker, I would like to congratulate you on your position. As well, I congratulate our new Premier and ministers.

While much work was accomplished during the previous Legislative Assembly, there is still much more to do. The issues of housing and education must be addressed before our territory can move forward.

As I stated in this House four years ago, I will maintain open lines of communication with the residents of Gjoa Haven, and I look forward to representing their needs to the best of my ability. Thank you, Mr. Speaker.

>>*Applause*

**Speaker** (interpretation): Thank you. Members' Statements. Member for Pangnirtung, Ms. Nakashuk.

**Ms. Nakashuk** (interpretation): Thank you, Mr. Speaker. I rise today to thank the people of Pangnirtung for placing their confidence in me to represent them in the Legislative Assembly.

(interpretation) I wish to first acknowledge the service of all of my predecessors, including the Hon. Johnny Mike, and I thank the people I ran against in Pangnirtung. The support and love of my family made it possible for me to be here.

I want to thank my husband, Andrew, and my children for their support.

I also wish to thank my father who is able to be here, and he is an elder.

(interpretation ends) Mr. Speaker, I believe that all Nunavummiut have high expectations of those of us who have been elected to serve in this House. We have serious priorities in a number of areas, and we must approach our responsibilities in a serious manner.

Mr. Speaker, I look forward to working closely with all of my colleagues in the months and years ahead.

(interpretation) Thank you.

>> *Applause*

**Member's Statement 011 – 5(1): Reflections on Being Elected to Represent Kugluktuk**

**Ms. Kamingoak** (interpretation): Thank you, (interpretation ends) Mr. Speaker.

Mr. Speaker, I congratulate you on your acclamation to the position of Speaker. I was also acclaimed to my position to represent the constituency of Kugluktuk. I would also like to extend my gratitude to those who shared kind words of support and encouragement to me throughout this election.

I would also like to extend my appreciation to my constituents. I am very grateful for the trust that they have placed in me and I will do my best to represent their needs in this House during my term.

I thank my new colleagues for their guidance this past week and I look forward to working with each of them during this Legislative Assembly.

I would especially like to thank my family, my husband, and my children: Tyler, Tyra, Skye, Savannah and Susan. Without their support, I could not be standing here today. Mr. Speaker, I would also like to thank my parents, Millie Hikok and Albert Kamingoak, as well as my grandparents, Peter and Cecile Kamingoak and Jimmy and Nellie Hikok. They have always been there for me.

Mr. Speaker, there are a number of issues that I plan to raise during my term as a Member of the Legislative Assembly for Kugluktuk, such as the need for adequate elder care in Nunavut and the need for more infrastructure development in Kugluktuk. While there is a lot of work ahead of us, I am excited to get started. (interpretation ends) Thank you (interpretation ends) Mr. Speaker.

>>Applause

**Speaker** (interpretation): Thank you. Members' Statements. Member for Cambridge Bay, Ms. Ehaloak.

**Member's Statement 012 – 5(1): Reflections on Being Elected to Represent Cambridge Bay**

**Hon Jeannie Ehaloak:** (interpretation) Thank you, Mr. Speaker. My apologies as I will be speaking in English.

(interpretation ends) First of all, I'd like to thank my late parents, Matthew Ehaloak and Alice Kajurana. I would also like to thank my father, Tommy Norberg. I want to thank my partner, Brent, my children Kenneth, Greg and Calvin, and my huge family for their love and support. *Piqpagijagit*.

Mr. Speaker, I want to make a special mention of those who have been by my side, and had my support; my sister-in-law, Sharon Ehaloak, my cousin Helen Uqhinabluit, my dear friends Clara Evalik and Nikak and Donna Haqqunngaaq.

Of course, I would not be here today without the support of my constituents of Cambridge Bay, Iqaluktuutiaq. I honour and thank them for having the confidence in me to be their MLA. As I had promised in my campaign, I am ready to work hard for our territory.

Mr. Speaker, congratulations to Premier Quassa, and to you as our Speaker, and all my colleagues. I look forward to working with all of you in the next four years, to strive for the betterment of our territory. Thank you.

>>Applause

**Speaker** (interpretation): Thank you. Members' Statements. Member for Aivilik, Mr. Netser.

**Member's Statement 013 – 5(1): Reflections on Being Elected to Represent Aivilik**

**Mr. Netser** (interpretation): Thank you, Mr. Speaker. It gets a little shaky here sometimes, and that's how I am right now.

Mr. Speaker, I rise today to thank the residents of Coral Harbour, and Naujaat for having placed their trust in me to represent the constituency of Aivilik. I thank you, and I would not have accomplished this without my wife of thirty-eight years, Mona and my entire family, who encouraged me to run.

I would like to thank my maternal cousins, Mark Panniuq and Mark Pudlat. They went and checked on me, as well as Charlie Saviardjuk. This includes Raymond Ningeocheak, whom you all know as he has been in politics for many years running in various elections. He encouraged me. Thank you, Ningeocheak, if you are watching, and my godmother, Sanaaq Adams.

(interpretation ends) I would also, Mr. Speaker, want to thank my campaign manager and financial agent, Mina Adams and Doris Bruce, for having steered my campaign across the goal line.

Mr. Speaker, I could not have asked for two better coaches. I think the Montreal Canadiens would be wise to take them on for next season.

>>*Laughter*

Mr. Speaker, my fellow candidate in the race, Jack Anawak is no stranger to anyone in this House. Please join me in paying tribute to his many years of service on behalf of Nunavut and Nunavummiut.

Mr. Speaker, many of the issues that we discussed last Friday as parts of our leadership forum were issues that were raised directly with my residents of Naujaat and Coral Harbour. As their member, I look forward to working with members on both sides of the House to achieve what I believe should be the common priorities for all of us, which are increasing the supply of adequate housing and providing a quality education that truly equips our young people to graduate from high school at the same levels as young people anywhere else in this country, replacing aging community infrastructure.

Mr. Speaker, I seek unanimous consent to conclude my statement. (interpretation) Thank you.

**Speaker** (interpretation): Thank you. The member is asking unanimous consent to conclude his statement. Are there any nays? There are no nays. Please proceed, Mr. Netser.

**Mr. Netser** (interpretation): Thank you, Mr. Speaker.

- (interpretation ends) Replacing aging community infrastructure; and
- Supporting economic growth and business development in all Nunavut communities.

Mr. Speaker, I want to conclude by joining with my colleagues who have congratulated you and our new cabinet on their new positions.

Working together, we can achieve great things for the people whom we have the privilege of representing in this House. Thank you, Mr. Speaker.

>> *Applause*

**Speaker** (interpretation): Thank you. Members' Statements. Member for Rankin Inlet North-Chesterfield Inlet, Ms. Towtongie.

**Member's Statement 014 – 5(1): Reflections on Being Elected to Represent Rankin Inlet North-Chesterfield Inlet**

**Ms. Towtongie** (interpretation): Thank you, Mr. Speaker. I thank the people of Chesterfield Inlet and Rankin Inlet North for putting their confidence in me to represent them.

Mr. Speaker, I would like to thank and acknowledge a number of people today. You all know that I have run for a number of offices and I have won a number of times, and I have been beaten a number of times. I believe that everybody in Nunavut were able to make decisions for their future, and we, just like the rest of Canada, can do the same thing. We all want the best lives for our youth, just like they have in other parts of Canada. I know these days the people that ran against me; I want to thank them. They also brought out things that they believed in.

Douglas Aggark, Cedric Autut, and Tom Sammurtok all showed courage in putting their names forward, so I thank them.

I also wish to take this opportunity to thank Thomas Sammurtok for representing Chesterfield Inlet, and he did a very good job.

Mr. Speaker, I would like to take this opportunity to formally and publicly thank all of my electors; Mary Tatty and my finance person, Walter Morey, who both worked tirelessly along with Tagak Curley.

You all know my husband, Harry Towtongie. For the last 30 years while I was working with the government he always totally supported me, and my children, who have reached adulthood, when I have hardly ever been home, Qavangat Niko Towtongie, Uvinik Jonie Towtongie, and my youngest one, Jarvis Tasiuq, my daughter-in-law, Juanita Towtongie

in Winnipeg. She works for APTN Television, and my son-in-law, Nanauq; I thank them all.

Nonetheless, in voicing my appreciation, I want to specifically mention all of the people of Chesterfield Inlet, as well as Rankin Inlet. I also want to mention elders in Chesterfield Inlet, Elee Krimaliardjuk, who told me that he believes he is an elder as he is 81 years old, but that he had not planned to be sent down to Ottawa. He is fearful of being sent down.

Andre Tautuk, whose mind is very sharp and capable, but his body is starting to fail him. I think we need to brainstorm ways to provide work for these sharp minds whose bodies are failing them. Leo Mimialik...

I would like to seek unanimous consent to conclude my statement. Thank you.

**Speaker** (interpretation): Thank you. The member is seeking unanimous consent to conclude her statement. Are there any nays? There are no nays. Please proceed, Ms. Towntongie.

**Ms. Towntongie:** Thank you.

Leo Mimialik was returning to the airport when I arrived. His pacemaker had just had a new battery installed. Since there is no boarding home in Rankin Inlet, he spent all night in the air terminal building. You are in my thoughts.

As well, young people such as Larry Tautuk, who were showcasing Inuit games and skills in Chesterfield Inlet, where they have provided the leadership to allow games. Romeo Qugligiaq, as well as Kyra Tanuyak's young son has provided this leadership.

I'd like to thank residents, as I know you are aware that a Bombardier vehicle sank in the sea, and all of my brother-in-laws with the Kaludjak surname passed on. I recall that my nephew and Kaludjak always helped me ever since that time, so I commemorate your memory.

I also recall Muckpah, who is in my thoughts today if she is listening. To conclude, I thank our elders in Rankin Inlet, Alice Kimmiaqtuq, Tommy Tulik, Violet Tywee for their assistance. As well, my brothers I need to mention. As well, my maternal Uncle Robert Tatty's descendants, and this includes my namesake uncle's relatives who are descended from Jerome Tattuine, if they happen to be listening.

I also wish to mention Pilakapsi's family, who was another maternal uncle. To all of their descendants, I send them my personal thanks and appreciation. And lastly, I humble myself as we will need to work with you on these issues that are very challenging. And may God provide assistance to us all. Thank you, Mr. Speaker.

>>Applause

**Speaker** (interpretation): Thank you. Members' Statements. Member for Iqaluit-Sinaa, Ms. Sheutiapik.

**Member's Statement 015 – 5(1): Reflections on Being Elected to Represent Iqaluit-Sinaa**

**Ms. Sheutiapik** (interpretation): Thank you, Mr. Speaker. To the members here, to the viewing audience on television, and especially people from Iqaluit-Sinaa, because of your confidence in me, I am able to be here.

To my colleagues, I wish you a warm welcome to Iqaluit and I want you to feel at home here in the city. Iqaluit is the only city in Nunavut, and since we are in Nunavut, all of us from the different regions who meet in the capital of Nunavut, to unite and work together on behalf of the people of Nunavut.

I was one of four people visiting peoples' homes during the campaign, Adamie Itorcheak, with whom I went to high school, and Cindy Rennie, who has worked with the Nunavut government for a number of years, as well as Paul Okalik, who was the incumbent and also campaigning, and who was first elected.

He called me after the election and I was able to tell him (interpretation ends) "Paul, one thing that none of us here today can say, is that he was our first Premier." I have to acknowledge our first, like Jordin Tootoo, making it as the first Inuk in the NHL. So, I said "hats off to you, and nobody can ever take away the fact that you were the first Premier."

I had three foundations, three pillars when I was running. And I know that a lot of it is the stuff we've heard: housing, every person has the right for a safe home, an affordable home and proper accommodations for our elders; employment, we need daycares to ensure that women and families are assisted. We need not just education, but training as well, but to do any of that we also have to be healthy. As I went door-to-door, I talked about our mental health. I know that I've heard over the last two weeks in training, and I had talked about the four I knew: depression, post-traumatic, schizophrenia and bipolar.

And even while going door-to-door, I learned that there's also anxiety. So, people are actually starting to acknowledge that there are mental health issues in our territory, but as we eliminate the stigma, I want to make sure that we have the support for these people who are finally accepting it, because to have a home you need to be employed, but to do any of that you need to be healthy. (Interpretation) I apologize. If you don't mind, I would like to seek unanimous consent to conclude my statement.

**Speaker** (interpretation): Thank you. The member is seeking unanimous consent to conclude her statement. Are there any nays? Hearing none, Ms. Sheutiapik, you may proceed.

**Ms. Sheutiapik** (interpretation): Thank you.

I am also remembering my parents. They were originally from Kimmirut but moved here to Iqaluit when the community was just getting established. Sheutiapik was E-71 and my mother was Ningiuraapik, E-72.

I would also like to thank my partner in every way. (interpretation ends) When we went to the bank for being my financial agent, the banker said, “You know you’re going to deposits and cheques?” I looked at the banker and said, “He does that for me every day.” He is my everything.

I am honoured that my son was here, and most of you know him as my *Umatik*. I take my parenting very seriously.

I look forward to the next four years as colleagues; as family. To everyone on TV, including Tom from Wisconsin, thank you for calling. People out there are watching. (interpretation) Thank you.

>>*Applause*

**Speaker** (interpretation): Thank you. Members’ Statements. Member for Amittuq, Mr. Kaernerk.

#### **Member’s Statement 016 – 5(1): Reflections on Being Elected to Represent Amittuq**

**Mr. Kaernerk** (interpretation): Thank you, Mr. Speaker. First of all, I would like to say I am a little shy, and even though I am feeling very hot, I will try to make sure that I conclude my statement.

(interpretation ends) I would like to congratulate you, the Premier, and colleagues for their successful campaigns.

I rise today to thank the voters of Amittuq for electing me to represent them.

I am honoured and humbled to be here.

I would especially like to thank my family for their support; my late parents, my spouse, Samantha, and especially Jupee, and last but not least, the previous Speaker of the House.

Mr. Speaker, I recognize and thank those who have gone before me in this elected position. It is my wish to continue to work hard to bring forward the concerns and issues of my riding.

During the recent campaign, I heard from many residents of both communities about the need to address the issues of health care, education and housing.

Mr. Speaker, elders are the foundation of our society and the youth are the future. We must keep in mind we are working here on their behalf.

Mr. Speaker, there are many issues that I will be addressing in my term.

There is a great need for improved infrastructure in many Nunavut communities.

I also believe that it is important that more opportunities for economic growth and development are made available to Nunavut's smaller non-decentralized communities.

Mr. Speaker, I look forward to working with all of my colleagues on both sides of the House over the coming months and years. Thank you, Mr. Speaker.

>>*Applause*

**Speaker** (interpretation): Thank you. Members' Statements. Member for Iqaluit-Manirajak, Mr. Lightstone.

**Member's Statement 017 – 5(1): Reflections on Being Elected to Represent Iqaluit-Manirajak**

**Mr. Lightstone:** Thank you, Mr. Speaker. I rise today to thank the residents of Iqaluit-Manirajak who have placed their trust and confidence in me to represent them in this Legislative Assembly.

I would also like to express my deep gratitude and thankfulness toward my partner in life, my beautiful wife, Hillary, who has just stepped out to take care of our son, Aiden.

>>*Laughter*

She has always been there for me and encouraged me throughout the whole campaign, and I couldn't have done it without you.

Mr. Speaker, I would also like to take this opportunity to say that my door will always be open to any of the residents of Iqaluit and I am very much looking forward to working closely with my fellow MLAs of Iqaluit, as well as the rest of Nunavut.

Mr. Speaker, I would also like to take this opportunity to formally join my colleagues in congratulating you for having been elected to serve as our Speaker, and Mr. Speaker, it was an honour to participate in last Friday's Leadership Forum and I would like to congratulate our new Premier and all of his cabinet colleagues for their selection.

I look forward to working with all of you for the next four years, and I am sure we will all accomplish great things for our territory and all of our constituents. Thank you, Mr. Speaker.

>>*Applause*

**Speaker** (interpretation): Thank you. Members' Statements. Member for Arviat South. Mr. Savikataaq.

**Member's Statement 018 – 5(1): Reflections on Being Elected to Represent Arviat South**

**Mr. Savikataaq** (interpretation): Thank you, Mr. Speaker. Good afternoon to the people of Arviat. I believe everyone is watching the radio... . Watching TV and listening the radio because there is a blizzard there.

>>*Laughter*

I would first of all like to thank the people who elected me to this position and I am humbled that I was elected to my position, so I would like to state my gratitude to the people of Arviat. I am also very happy that they have placed their trust in me, and I would like to thank Tommy Owljoot who gave me tremendous support and our financial agent Mr. Tugak.

Thank you Iksakiaq for helping me during the campaign, all my family members, and I will not be stating their names, but I would like to thank them for their support and for placing their trust in me.

I would also like to thank the people of Arviat because there was an 82 percent turnout which was the largest voter turnout in Nunavut.

(interpretation ends) I would just like to thank all the good people of Arviat, that they had the highest turnout and for the support they have given me, and without their support I would not be here. All the people of Arviat, I thank you and I humble myself and I'm grateful that I will be here for another four years. Thank you.

I would also like to thank the MLAs that had their trust in me to vote me back into cabinet. I won't disappoint you. I will be there, I will work hard. For all the people of Nunavut watching, it was a great election, and we are lucky to have peaceful transition of government in Nunavut, not like other countries where it is not so peaceful.

All the people of Nunavut, thank you and thank you, Mr. Speaker.

>>*Applause*

**Speaker** (interpretation): Thank you. Members' Statements. Member for Iqaluit-Tasiluk, Mr. Hickes.

**Member's Statement 019 – 5(1): Reflections on Being Elected to Represent Iqaluit-Tasiluk**

**Mr. Hickes:** Thank you, Mr. Speaker. I am going to take a page out of Mr. Joanasié's handbook, and I seek unanimous consent to conclude my statement. Thank you, Mr. Speaker.

>>*Laughter*

**Speaker** (interpretation): Thank you. The member is seeking unanimous consent to conclude his statement today. Are there any nays? There are no nays. Mr. Hickes, please proceed.

**Mr. Hickes:** Thank you Mr. Speaker, my colleagues, and Mr. Joanasié for giving me the idea.

Mr. Speaker, I too would like to recognize our Premier-elect, Paul Quassa. Congratulations on well thought out answers in the Leadership Forum. I would also like to congratulate our Speaker. I would also like to take this opportunity to thank him for keeping my office warm for the last couple of years as I can, and a few of my visitors can attest, it is very warm. Thank you, Mr. Speaker.

Mr. Speaker, I proudly and humbly rise here today four years after my last opportunity to do this, to start my second term of office. I want to thank the residents of Iqaluit-Tasiluk first, for their overwhelming support and stating so strongly through their votes that my efforts over the last term were recognized and validated.

Secondly, I want to thank my campaign team for their untiring energy and belief in me to lead us to such a solid result. Last, but certainly not least, Mr. Speaker, I want to take this opportunity to thank my family. I can't even put together the words to describe the sacrifices that were made by my wife, Signey and my daughters, Lily and Sarah, during my last term.

As our new Executive Council will learn, their lives are no longer their own. "Minister" is not a title. It's an all-encompassing commitment to put Nunavut first. I missed family events, birthdays, numerous milestones this past two years, but they always supported my efforts and understood that I had another duty in addition to being a husband and father. Thank you from the bottom of my heart. I love you guys more than I can describe.

I would be remiss not to mention the support provided by my office staff here at the Legislative Assembly and my constituency office. Elisapi, Hillary, Suzie; thank you.

To the corporate and departmental staff that I have encountered in my different roles; the energy and positive enthusiasm you have all fed me will easily keep my motivation high this next four years.

Four years ago I spoke to this House on the importance of investing in our capital city to continue its growth in a sustainable manner. I am very optimistic for the residents of Iqaluit for this new government, as the majority of cabinet members has either been residents to this city, or now resides here while fulfilling their ministerial duties.

I am confident that our capital will be get the focus it deserves and it will continue to focus on opportunities that contribute to economic growth here in Iqaluit and across our territory as a whole.

I have previously spoken of the importance of our location for marine infrastructure here in Iqaluit, which we approved in the last Assembly, for which ground will be breaking soon. Although we made some incremental progress through our net metering policy and using LED lighting in our city and rolling out to other communities, utilizing residual heat programs, we need to do much more in reducing our dependence on fossil fuels and utilizing larger scale green energy production initiatives.

With an impending carbon tax we can wait no longer. As a returning regular member, I will continue my dedication to making sure my constituents are represented and their issues are heard.

There were a lot of promises made in this House on Friday, and I will be following the progress very closely. Trying or working on it is not going to be enough. Our residents deserve results from the commitments made. As everyone is well aware, I like my hockey analogies, and I'm going to use one now: it's not the shot attempts that matter, it's the goals scored.

People know from my proven record that I'm not shy about making sure our government is accountable to our population to uphold its responsibilities and to maintain their own strong work ethic and accountability of these through, in my opinion, an incredibly strong regular members' caucus.

I am very confident the experience I gained over the past four years is going to serve me and my fellow members as well. In the dialogue I have had with regard to my regular members' caucus colleagues, the united resolve I've seen gives me an incredible amount of optimism and I feel very lucky to be a part of it.

To those colleagues, I say, "let's get to work." To my colleagues on the Executive Council, I say "get ready." Thank you, Mr. Speaker.

>> *Applause*

**Speaker** (interpretation): Thank you. Members' Statements. Member for Arviat North-Whale Cove, Mr. Main.

**Member's Statement 020 – 5(1): Reflections on Being Elected to Represent Arviat North-Whale Cove**

**Mr. Main** (interpretation): Thank you, Mr. Speaker. Now that I have a seat here in Nunavut's legislature, that is quite joyous to experience. I am extremely grateful today, and wish to express my appreciation for being here to represent my constituency. To the people in Arviat and Whale Cove, I thank you immensely, neither will I forget you.

As my colleague mentioned earlier, a blizzard is blowing right now.

These people whom I cannot forget to mention, as my appreciation extends to them. First of all, my wife, Amanda, she has continued to push me, and supported me during my campaign. I appreciate the tireless volunteer teams in Arviat and Whale Cove. You showed your confidence in me and you know who you are even if I did not mention your names.

I have to mention Howmik Nibgoarsi. He is still carving antlers. Keep in mind, Howmik, those are really different paraphernalia, and of course people, artists, and business that contributed.

Last but not least, of course the voters, I am proud of you for even if you didn't vote for me, thank you.

(interpretation ends) Mr. Speaker, I learned so much on my way to this seat in the legislature. I learned from the elders who I sat down and visited with. I learned from the teens, the cool kids who taught me their dance moves or they tried anyways.

>>*Laughter*

I learned about the challenges that people in my constituency are facing in their everyday lives. There are numerous challenges and I'm pretty sure that all of the MLAs in the House today saw those challenges when they were going door to door during their campaign.

Mr. Speaker, I would like seek consent to conclude my statement. Thank you.

**Speaker** (interpretation): Thank you. The member is seeking unanimous consent to conclude his statement today. Are there any nays? There are none. (interpretation ends) Member Main, (interpretation) please proceed.

**Main** (interpretation): Thank you, Mr. Speakers. Thank you, my colleagues.

(interpretation ends) I was talking about the challenges that our constituents are facing. I will give you a few examples: a broken window in your kid's bedroom; maybe you have a sick relative, a constituent has a sick relative who has to travel out of the territory for treatment; or maybe it's a hard-working gold miner who has to leave their families for

two weeks at a time all year, two weeks at a time leaving your kids. Those are just examples of some of the challenges that our people are facing across Nunavut.

(interpretation) However, even though there are many challenges, looking at our Nunavummiut, I think that they are stronger and capable with all the barriers and challenges. They work the shifts through. Nunavummiut are so capable. They work the shifts through the mine. They get through the medical treatments down south, even though it is long and hard. They will fix that broken window themselves.

We have all seen the skill, hard work, and willingness to help. As a Member of the Legislative Assembly, our people show their capabilities in the face of challenges. I feel it in my heart to provide support to them and I'm also aware that you will feel within their heart.

(interpretation ends) Mr. Speaker, I'm going to conclude, I have no doubt.

>>*Laughter*

Here is our challenge for the next four years as MLAs as I see it, my opinion: as Nunavummiut put here in this House, by the people of our territory, we have to find a way to make things better. We have to find a way to help those people out there with the challenges in health care, in education, in getting jobs, and in getting houses.

As MLAs, we have to work honestly and transparently together. I'm not so naïve to say that we are always going to agree with each other. We won't. We will argue. We will have our issues, but that's okay. There are people outside of this House who will say that we can't do it as a group, that we don't have what it takes, but I sincerely believe that yes, we do.

>>*Applause*

In conclusion I would like to say that I believe that it's only by drawing on the wisdom, skills, and real-life examples of hard-working, good people here in our beautiful territory, it's only by connecting to the people of Nunavut that we together are going to make Nunavut stronger in the next four years. Thank you, Mr. Speaker.

>>*Applause*

When I was first elected for the Fourth Assembly, the first item I had to deal with was with youth, who had no hunting equipment but who was helping me when he was working with the government. Even though the work has changed today, I wanted to acknowledge Aluki Kotierk. The youth that she helped is working and has a job. That individual will be purchasing a vehicle, which we're very proud.

**Mr. Hickes**: Thank you, Mr. Speaker. I haven't been able to recognize this person publicly too often, but when I talked earlier about the staff that we work with here in the legislature, the last two years I had an executive assistant that I wouldn't have come close to being as good of a minister as I was without her assistance, and today is her last day of work with me. Not with anyone else I'm sure.

The friendship that has evolved over the past two years of working together and the reliance on the advice, the direction, the analysis of different scenarios on how they could play right, or could play wrong, and the ramifications of some of the very complex decisions that all of our Executive Council are going to be dealing with over the next four years. I could not have done it without her and I would like this House to give warm welcome to Hillary Casey. Thank you.
