John, I wish to table documents after I do make a members statement about the 2016 Pangnirtung Bowhead Harvest as follows below:

PHTO and Suqqait Committee have successfully harvested a female Bowhead, 38 feet 6 inches on September 9 2016 in and around the whaling area of Qiqiktan near to Hamlet of Pangnirtung and thanks to people of Pangnirtung and local organizations for their kind continued support to traditional bowhead harvesting and included in the documents are crew name and ranking. I am sure about if the harvested bowhead is or was qinauyalutun or qinauyatiariton.

Captain	Adamie Veevee
Crew	Jackie Maniapik
Co-Captain	Charlie Qumuatuq
Crew	Samiel Nakashuk
