RESOLUTION #1-2016-8

MOVED BY: *BOB LEONARD*

SECONDED BY: *BARNEY AGGARK*

WHEREAS the Energy Options Working Group (EOWG) was created in April 2014 by the Hudson Bay Regional Roundtable;

AND WHEREAS the EOWG was tasked to review the merits of a high-voltage transmission line between Manitoba and Nunavut to supply many Kivalliq Region communities along with natural resource sector industries;

AND WHEREAS the EOWG, with cost-shared funding from the Governments of Manitoba and Nunavut and in collaboration with the Kivalliq Inuit Association prepared and presented a report entitled "Scoping Study – Hydroelectric Power From Manitoba to the Kivalliq Region of Nunavut" in September 2015;

AND WHEREAS the Report identified many economic, employment, environmental and social benefits that would be realized as a result of the extension of hydroelectric power from Manitoba to the Kivalliq Region;

AND WHEREAS the extension of the hydro line must be considered a project of national significance;

AND WHEREAS the next phase of this project is the preparation of two studies - being a Project Brief and an overarching Feasibility Study to fully articulate the cost estimates and overall benefits;

AND WHEREAS the Hudson Bay Roundtable desires to see this project to proceed to the next stage;

THEREFORE BE IT RESOLVED THAT the Hudson Bay Regional Roundtable direct the Energy Options Working Group to access the required federal funding to undertake the next phase of the transmission line project between Manitoba and Nunavut.
