Ministre de Développement économique et des Transports

As you are aware, the GN has allocated over \$3.2 million on this project over the past three years. I will ensure that the products of this expenditure are fully shared with your organization to assist you in your planning. I understand that the next Northern Intake under the NTCF will come in the fall, and that you would be able to pursue an application alone.

My Department continues to support the project in principle and will work collaboratively in efforts for Federal funding for the project. We remain committed to a strong mining sector in our territory and local and regional involvement in that sector.

I look forward to discussing this in person with you at the Nunavut Mining Symposium.

Sincerely,

Joe Savikataaq  
Minister
