RE: 4 Bay Garage

Dear Ralph;

The Hamlet Council of Naujaat had a meeting with administration on January 18, 2018 to discuss and plan for priorities that need to be completed in the coming fiscal year. It was established that with the need to add one more water truck to our fleet to meet the demand for municipal services that we have effectively run out of garage space. This does not include the need for any future demands for mobile equipment so the need to build a new 4 Bay Garage is vital to our operation going forward. I understand the need for collaboration on this issue and that is why this letter is being sent for your review as soon as possible so that decisions can be made and funds committed as soon as possible. Thank you for your time and attention and we look forward to your response.

Sincerely;

Solomon Malliki
Mayor
Hamlet of Naujaat
