CCHSA ACCREDITED HEALTH SERVICE ORGANIZATIONS
ORGANISMES DE SANTÉ AGRÉÉS DU CCASS

MESSAGE FROM THE PRESIDENT AND CHIEF EXECUTIVE OFFICER

We are pleased to provide you with a list of the health organizations (sites, services, and programs) accredited by the Canadian Council on Health Services Accreditation (CCHSA) as of June 30, 2005. This document is updated twice a year, June and December.

In compiling the list, it is recognized that restructuring and amalgamation is an ongoing process in Canadian health care. Within this changing environment, the list is maintained as accurately as possible. Please notify us should changes occur between the date of this publication and the release of the next edition which is scheduled for December 2005. Appropriate amendments will be noted in the next version of this document.

Please address any questions or comments to Shirley-Ann Lorrain at (613) 738-3800 ext. 252.

We wish to acknowledge and thank all of the organizations for their continuing participation and interest in the CCHSA accreditation program.

Wendy Nicklin

President and Chief Executive Officer

The Canadian Council on Health Services Accreditation (CCHSA) is a national, non-profit, independent organization whose role is to help health services organizations, across Canada and internationally, examine and improve the quality of care and service they provide to their clients. We offer health services organizations an external peer review to assess quality by developing national peer-generated standards, assessing compliance with these standards through accreditation reviews, and sharing information from accreditation reviews.

MESSAGE DE LA PRÉSIDENTE-DIRECTRICE GÉNÉRALE

Nous sommes heureux de vous fournir une liste des organismes de santé (établissements, services et programmes) agréés par le Conseil canadien d'agrément des services de santé (CCASS) en date du 30 juin 2005. Ce document est mis à jour deux fois l'an, soit en juin et en décembre.

La liste est établie en tenant compte du fait que les restructurations et les fusions s'avèrent un processus continu dans le milieu des soins de santé canadien. Tenant compte de ce milieu changeant, la liste est tenue le plus à jour possible. Veuillez nous aviser si d'autres changements surviennent dans votre organisme entre la date de parution de la présente liste et la publication de la prochaine qui est prévue en décembre 2005. Les modifications nécessaires seront alors apportées à la prochaine version du document.

Veuillez acheminer vos questions ou commentaires à Mme Shirley-Ann Lorrain au (613) 738-3800, poste 252.

Nous tenons aussi à reconnaître la participation et l'intérêt constants de tous les organismes à l'égard du programme d'agrément du CCASS et nous les en remercions.

Wendy Nicklin

Présidente-directrice générale

Le Conseil canadien d'agrément des services de santé est un organisme national indépendant et à but non lucratif qui a pour rôle d'aider les organismes de santé, au Canada et sur la scène internationale, à examiner et à améliorer la qualité des soins et des services qu'ils offrent à leurs clients. Nous offrons aux organismes de santé l'occasion d'obtenir une vérification externe effectuée par des pairs afin d'évaluer la qualité, ce qui est rendu possible en élaborant des normes nationales établies par vos pairs, en évaluant la conformité par rapport à ces normes grâce aux visites d'agrément, et en communiquant l'information qui découle des visites d'agrément.

QUÉBEC

The health service delivery model within Quebec has recently undergone a major restructuring. Effective January 1, 2005, the provision of services falls within ninety-seven *Centre de soins et de services sociaux*. CCHSA clients who were previously accredited as standalone organizations are now listed under their new governance body. A number of additional clients who have joined the program will be listed similarly as they become accredited over the next three years.

Le mode de prestation des services de santé au Québec a été l'objet d'une importante restructuration récemment. Depuis le 1er janvier 2005, quatre-vingt-dix sept centres de santé et de services sociaux ont été mis sur pied. Ces nouveaux organismes représentent l'amalgamation d'entités anciennement autonomes. Les organismes membres du CCASS qui ont été agréés alors qu'ils étaient des organismes autonomes sont maintenant répertoriés en fonction du conseil d'administration dont ils relèvent. Un certain nombre de clients qui ont décidé d'adhérer au programme d'agrément seront répertoriés de la même façon alors qu'ils deviendront agréés au cours des prochains trois ans.
