Purpose of the Report

The Department of Community and Government Services (CGS) is pleased to present this report on Government of Nunavut (GN) leasing activities of real property for the 2017/18 fiscal year. This is the fifteenth year that the report has been produced.

CGS has undertaken these efforts to meet its responsibility in ensuring transparency and accountability in the GN's leasing activities and remains committed to providing accurate and timely disclosure.

In meeting its responsibility for ensuring transparency and accountability in its leasing activities, CGS is bound legally to safeguard competitive information which may prove harmful to private sector interests if disclosed.

Information, which is normally restricted, includes the cost per square foot and the split between base rent and operating and maintenance charges which together comprise the total lease payment. Such information is typically only available for release upon the other party's consent. To do otherwise may expose the government to legal and financial claims. CGS continues to operate under the advice and direction provided by the Department of Justice in this regard.

Leasing Policy

CGS is committed to ensuring fair and ethical practices in meeting its leasing responsibilities. This is accomplished through effective policies and procedures designed to:

- Obtain the best value for Nunavummiut overall;
- Provide a fair and open environment for vendors;
- Maintain current and accurate information; and
- Ensure effective approaches to meet the GN's requirements.

The GN's policies and procedures with respect to leasing of commercial real property are described in a consolidated policy titled "Leasing of Commercial Real Property." The text of the policy is available to the public through the GN website.

Together with its accompanying guidelines, the leasing policy sets a clear process for acquiring leased commercial property, establishes a methodology for assessing lease versus buy decisions and incorporates best practices within the public sector. It reflects the GN's approved direction governing leasing practices used to acquire commercial property necessary to carry out government operations and program delivery.

The leasing policy incorporates relevant aspects from the following agreements, policies and standards with which the GN must comply:

1. *Nunavut Land Claims Agreement* (Article 24);
2. *Leasing of Commercial Real Property - Consolidated Policy*, dated May 10, 2007;
3. Leasing practices pursuant to the *Lease Activity Report*;
4. Government of Nunavut *Office Space Standards*, dated May 2009;
5. Government of Nunavut *Contract Regulations*, Directive No. 9904;
6. *Nunavummi Nangminiqaqtuniq Ikajuuti Policy* dated April 20, 2006, Section 13.0 Leases – Special Provisions.

Background on Leasing

The following is a brief overview of GN leasing practices. For further information please refer to the GN's policy on "*Leasing of Commercial Real Property*" noted on the previous page.

1. Lease Extension

CGS reviews the GN's portfolio of leased properties regularly. For those leases that are scheduled to expire within the next two to three years, CGS begins a process of assessing what options may be possible.

The client department must identify what its ongoing requirements are likely to be and CGS must then determine how best to meet those requirements. In doing so, CGS typically considers the current market rates for similar space (if available) against any extension options, the level of satisfaction of the client department with the existing space and the specialized nature of the facilities to meet the department's requirements.

Wherever possible, CGS adopts a proactive approach to address leases which are slated to expire in the near to medium term. However, this is also dependent on client departments clearly identifying their requirements well in advance of the lease expiry. While each situation is assessed individually, lease extensions do occur where it yields the best value and/or timely solution overall given the circumstances at the time.

2. Lease Versus Buy

CGS attempts to fulfill GN requirements in the most expeditious and responsible manner so as not to adversely affect government operations or the delivery of goods and services to Nunavummiut. In meeting GN requirements, CGS considers the various options which may be available at the time.

CGS continues to seek those opportunities in which the GN may be able to secure its own portfolio of properties for program and service delivery but is constrained by multiple priorities placed on the GN's limited resources and ability to raise capital. The GN's approved five-year capital plan sets the priorities annually for capital spending.

Leasing and purchase decisions must also respond to changing and emerging government priorities. This may dictate both short-term and long-term solutions requiring a combination of lease and purchase options in order to ensure immediate needs are addressed.

Finally, CGS is guided by the GN's Leasing Policy which asserts that leasing shall not cost the GN any more than an out-right purchase except where tangible benefits can be clearly demonstrated. Working within this environment, CGS aims to provide the best solutions with the resources available to meet Nunavummiut's needs.

3. Types of Lease

The GN administers three types of leases in order to secure and maintain the space needed to run government operations and to provide programs and services for Nunavummiut. Each type of lease imposes certain obligations on the GN, as set out below.

- **Gross Lease**

The GN pays a single fixed rate to the landlord that includes all of the additional costs associated with the operation and maintenance of a facility. The GN does not incur any other costs outside of the single monthly rate paid to the landlord.

- **Semi-Gross Lease (or Modified Gross Lease)**

The GN pays a single fixed rate to the landlord but may also pay for one or more of the additional costs associated with the operation and maintenance of a facility.

- **Net Lease**

The GN pays a fixed base rent to the landlord plus all of the additional costs associated with the operation and maintenance of a facility. The landlord will typically pay all the costs associated with the operation and maintenance of a facility and charge these costs back to the GN at the end of the lease year with an administrative fee.

Summary Statistics

The following tables and charts provide an overview of the number, location, value, and type of leases.

As can be seen in the table below, the number of leased properties in 2017/18 increased by two (2) to Ninety-eight (98) and is due to expiring leases, sick buildings and client departments identifying additional program needs.

Leasing Trends

Year	2017/18	2016/17	2015/16	2014/15	2013/14	2012/13

Total Annual Cost	\$16.8m	\$16.2m	\$16.1m	\$15.2m	\$14.5m	\$13.9m

The distribution of leases by region is shown in the table and chart below. As would be expected based on population, most of the leases are in the Qikiqtaaluk region which has 46. Next largest is the Kivalliq region with 32. Three (3) leases are for property outside of Nunavut. These are the medical boarding homes in Churchill and Winnipeg, and the GN offices in Ottawa.

Location of Leases 2017/18

Region	Number
Qikiqtaaluk	46
