MOTION: Whereas the Sanirajak Breakwater Feasibility Study Request for Proposals closed on December 10,

2020 with the bid received from Worley Canada Services Ltd. (operating as Advisian) being evaluated as being

the highest rated proposal; and Whereas the proposal review committee is recommending the approval of Option 2,

at a total project cost of \$367,868 plus G.S.T.; and Whereas the current budget for the project, including a Hamlet

contribution of \$40,000 is only \$140,000, leaving a budget deficiency of \$227,868; Therefore I move that Council

approve the awarding of the Request for Proposal to Worley Canada Services Ltd. (operating as Advisian) at a

contract price of \$367,868 plus G.S.T. and that the Hamlet commit to funding the budget deficiency of \$227,868

plus its original \$40,000 commitment to the project out of its accumulated surplus, in case alternative funding

source(s) for the budget deficiency are not found.
