Dear Margaret;

This letter is written on behalf of the Board of Directors, who would like to bring to the attention of the Nunavut Housing Corporation the need for more public housing in Pangnirtung.

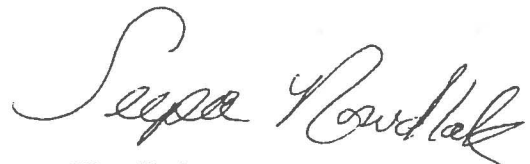

In the past eight years Pangnirtung has not been allocated any new builds for public housing. Every year the wait list has grown and is now 51% greater than it was at the time of the last allocation. Last year NHC transferred a 4plex from staff housing to public housing because it had remained empty for ten years and now staff housing is going to be allocated another 4plex in Pangnirtung to replace the one that was transferred. There has been a minimum of six empty staff housing units in Pangnirtung not considering the empty 4plex and another empty 6plex in the past ten years. Pangnirtung needs more public housing units, not more staff housing units.

The Board of Directors of the Pangnirtung Housing Association requests that NHC allocates the proposed 4plex to public housing instead of staff housing.

Thank you

Chairperson  
Manasa Evic
